Prova a cambiare visore IIIF. Per esempio usa questo, incollando l'indirizzo del tuo file manifest in coda a questo, dopo ?manifest=
<https://librarylabs.ed.ac.uk/iiif/uv/?manifest=>

< Torna a "Ricerca Antenati in Italia" VAI A

Here is the procedure:

Open a new browser window, and keep it open during the whole Antenati.it search session so that you don't have to do this again: your clipboard will then be free to copy the 'manifest links' found on Antenati (see below what this means).

Copy <https://librarylabs.ed.ac.uk/iiif/uv/?manifest=> into your browser window

You arrive on the librarylabs site

The screenshot shows a digital viewer interface for the book 'WUNDER DER VERERBUNG' by Fritz Bolle. The main display area shows the book cover, which features a stylized, colorful design with the title in large letters. Below the main cover, there are two smaller thumbnail images of the book's title page and a handwritten manuscript. The interface includes a search bar at the bottom with the text 'Search within this item: Enter Keyword' and a magnifying glass icon. On the left side, there are navigation options for 'CONTENTS', 'Index', and 'Thumbnails'. On the right side, there is a vertical menu for 'MORE INFORMATION'. The page number 'page - of 31' is visible at the bottom left.

In a different window, find the act you are looking for on Antenati, save it with the appropriate references, with abbreviations (N, M, D, PubMar).

For example: N-1861-Francesco Miscioscia-Corato-atto 1084-view 549/583

1. Click on the 3 horizontal lines of the act, top left, of the act on Antenati :

 Archivio di Stato di Bari > Stato civile italiano > Corato > 1861

In the left margin that opens, scroll down to the link 'IIF manifest'; copy the link.

549 di 583 · pag. 549

Go to the window where you opened <https://librarylabs.ed.ac.uk/iiif/uv/?manifest=> (which remains open during your entire session on Antenati.it)

Paste the 'IIIF manifest' link you copied from Antenati into the 'Manifest' window on the same librarylabs page (at the bottom); click on 'Set

You arrive on page 1 of the selected register

Scroll down to the desired page 549; click on the small arrow at the bottom left

A small window opens and you check the high definition setting ; click on 'download'.

The desired page opens, you 'save image as'.

Copy the Antenati reference (which you have already saved) into the save window: your page is saved in high definition. The operation is finished. Tedious? With a little practice, it becomes quite simple.
